

## Commercial Turf Sales & Service

# 18-9-18

## 75% Nutralene Slow Release

- Turf King 18-9-18 is formulated with 75% Nutralene Slow Release Nitrogen.
- A premium micro greens blend with a 1:1 N to K ratio. The Sulfate of Potash promotes improved summer stress.
- Methylene Urea provides a controlled slow and even feed with superior color.
- Ammonium Sulfate provides a quick plant response and green up.

### METHYLENE UREA TECHNOLOGY

- Optimum particle sizing for a variety of turfgrass heights.
- 47.5% of total nitrogen (N) is water-insoluble nitrogen (WIN) and low salt index of 25
- Broken or damaged particles don't affect nutrient release rate
- Feeds turfgrass for up to 16 weeks. Consistently metering nutrition
