

27-0-2  
BLENDED WITH UFLEXX®

UFLEXX® is a registered trademark of Koch Agronomic Services, LLC

### GUARANTEED ANALYSIS

Total Nitrogen (N) .....	27.0%
0.05% Ammoniacal Nitrogen	
3.30% Water Insoluble Nitrogen*	
23.00% Urea Nitrogen**	
0.65% Other Water Soluble Nitrogen	
Soluble Potash (K <sub>2</sub> O) .....	2.0%
Calcium (Ca) .....	1.0%

### DERIVED FROM

Urea, meat meal, sulfate of potash and blood meal.

\*This product contains 3.3% Water Insoluble Nitrogen from meat meal.

\*\*This product contains 23.0% Stabilized Nitrogen with Dicyandiamide and N-(n-butyl) thiophosphoric triamide.

### GENERAL INFORMATION

Nature Safe 27-0-2 combines the value, nutrition and efficiency of Nature Safe Natural & Organic Fertilizers with the fertilizer efficiency of stabilized nitrogen found in UFLEXX™. The result is a turf and landscape fertilizer with an emphasis on efficiency and cost-effectiveness. This is a blended product with Nature Safe (with Sulfate of Potash) and UFLEXX. The Nature Safe component is constructed of various animal proteins such as meat and blood meals that provide slow release nitrogen to the plant for 7-8 weeks. UFLEXX is a combination of urea, a urease inhibitor (NBPT) and a nitrification inhibitor (dicyandiamide), which provides nitrogen over 6-8 weeks while reducing nitrogen loss due to leaching, volatilization and denitrification. With an SGN of 230, Nature Safe 27-0-2 is a low-cost alternative for fairway, rough, landscape and lawncare applications.

#### DIRECTIONS FOR USE

**Established Turfgrass:** Apply 1.85 to 3.7 lbs. per 1,000 sq. ft. (0.5 to 1 lb. of actual nitrogen per 1,000 sq. ft.).

Three to four applications per year are recommended. Covers 13,500 to 27,000 sq. ft.

**SGN (220-230):** Suggested for use on turf mowed at heights over 1/2".

Not for use in organic crop and organic food production.

Available in SGN (220-230)

Available in Net Weight 50 Lbs.
